LED EMERGENCY WALL PACK WITH PHOTOCELL

15W DUSK TO DAWN SENSOR

RY-MWP-15W-EM-35/40/50-PC

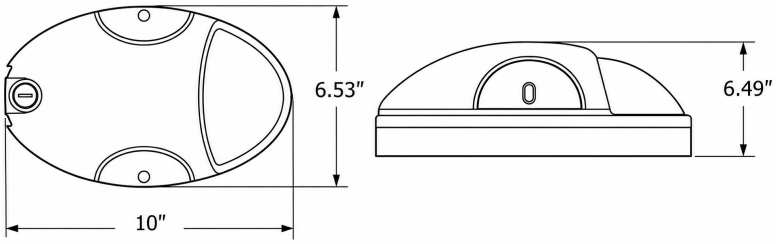
PROJECT

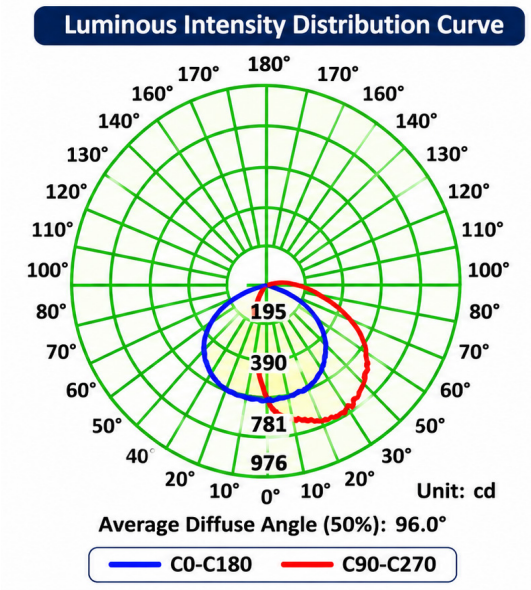
DESCRIPTION

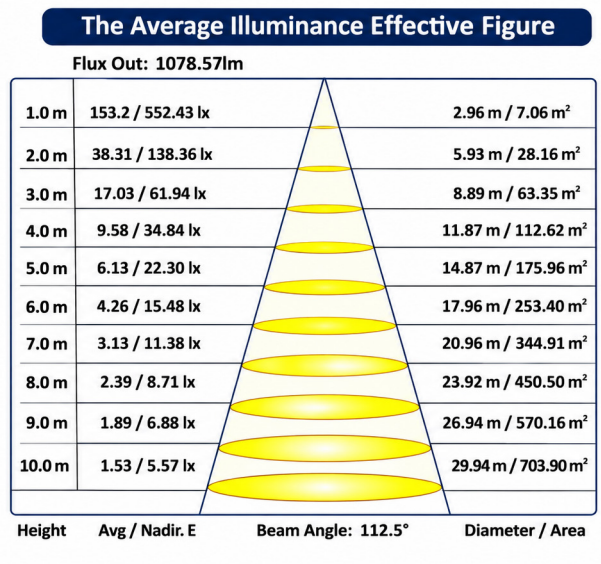
The LED Outdoor Emergency Wall Pack with 3 CCT and integrated photocell is a versatile lighting solution designed to enhance safety and security in outdoor spaces. With its three correlated color temperature (CCT) options, this wall pack allows for adjustable lighting to suit different environments and preferences, offering warm, natural, and cool light settings. The integrated photocell ensures automatic dusk-to-dawn operation, activating the light when ambient light levels decrease, and conserving energy during daylight hours. Its durable construction and weatherproof design make it ideal for outdoor applications, providing reliable illumination during emergencies or nighttime activities. Whether illuminating pathways, parking lots, or building perimeters, this LED wall pack delivers efficient, long-lasting performance to meet the demands of any outdoor setting

SPECIFICATION DETAILS

Dimensions	W 6.53"x H 10"
Power	15 w
DLC#	S-JYCLH4
Delivered Lumen	1800 lm (620lm at EM Mode)
Input Voltage	120-277 VAC 50/60Hz
Color Temperature	Selectable CCT 3500K/4000K/500K
CRI (Ra)	90 < CRI
LED Rated Life	50,000 hours
Dimming	0-10V
Diffuser Details	Frosted PC Diffuser
Beam Angle	100°
Mounting	Wall / Ceiling
Finish	Architectural Bronze
Operating Temperature	-32°F~113°F(-0°C ~ +45°C)
Construction	Composite + PC
Photocell	Pre installed Dust to Dawn
Emergency Battery	90 Minutes
Rating	Wet Location IP65
Standards	UL Listed







5 Years Warranty · UL CERTIFIED E500270 · Ra>80 · Watt Selectable · Dimmable · DLC LISTED · CCT Tunable 3000K/4000K/5000K
