

BEAM SPREAD ADJUSTABLE BULLET FLOOD LIGHT

Features & Benefits

1. Streamlined design, low wind resistance, better heat dissipation;
2. Universal voltage: 120-277V;
3. Professional lighting distribution technology, high reflectance optical lens with adjustable beam Spread of 47°-70°/71°-100°/101°-130°, lens transmittance > 90%.
4. Suitable for supermarket, warehouse, underground parking place, garage, Light weight and small size;
5. Apply to Outdoor basketball court, tennis court. Badminton court, the football field, Highway toll station etc.

Specification:

Part No.	Power	Input Voltage	Luminous Flux	Luminous Efficacy	CC T	Viewing Angle	Ra	PF	Warranty
		AC120-		≥120LM/W	3000 K	47°-70°	≥80	≥0.9	5 Years
		277V			4000 K	71°- 100°			
ROCKET-BFL0225-25W-TOP	10W/15W/25W		3000lm		5000 K	101°-130° tunable
