

OUTDOOR UP/ DOWN CYLINDER /3CCT /PHOTOCELL

UP/ DOWN CYLINDER

HYA-CUD-18W3CCTPC

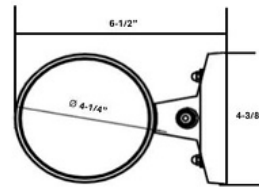

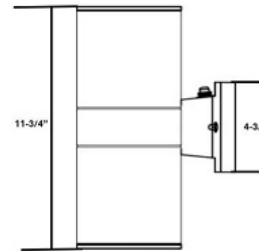

PROJECT

DESCRIPTION

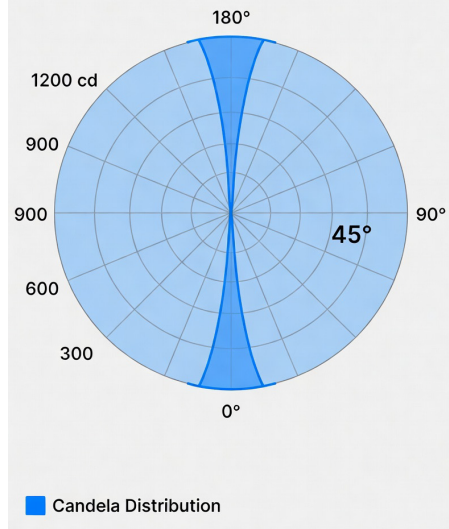

The Outdoor Up/Down Cylinder Light delivers a modern architectural lighting solution with a sleek cylindrical design that creates a beautiful dual-beam effect, illuminating both upward and downward surfaces. Featuring 18W LED technology with 3CCT selectable color temperatures, it allows you to choose the perfect lighting ambiance for any outdoor application. A pre-installed photocell sensor provides automatic dusk-to-dawn operation, improving energy efficiency and convenience. Designed for durability and outdoor environments, this fixture is ideal for exterior walls, entrances, patios, and commercial applications.

SPECIFICATION DETAILS

Dimensions	W4.1/4" x H11-3/4" x EX 6-1/2"
Light Source	AC LED Module
Power	18W
Total Lumen	1180lm
Delivered Lumen	1100lm
Input Voltage	120-277V
Color Temperature	Selectable CCT 3000K/4000K/5000K
CRI (Ra)	80+CRI
LED Rated Life	50,000 hours
Dimming	None
Diffuser Details	Clear PC Diffuser
Beam Angle	45°
Mounting	Wall
Finish	Architectural Black
Illumination Direction	Up / Down
Construction	Cast Aluminum + PC
Photocell	Pre installed
Standards	ETL Wet Locations IP66 JA8
