PROJECT

DESCRIPTION

The 7-inch LED surface mount fixture with 3 CCT (Correlated Color Temperature) options offers a versatile and efficient lighting solution for various indoor environments. Its sleek and modern design allows for easy installation on ceilings or walls, providing a clean and unobtrusive aesthetic. With three CCT options, users can easily adjust the color temperature to create different atmospheres and cater to specific lighting preferences. Whether used for ambient lighting, task lighting, or accent lighting, the 7-inch LED surface mount fixture delivers bright and uniform illumination while offering flexibility in lighting design. Its energy-efficient LED technology ensures long-lasting performance and reduced energy consumption, making it a practical and cost-effective choice for residential, commercial, and hospitality spaces
