PROJECT

DESCRIPTION

Our LED Wall Pack is UL Listed and designed for superior performance and flexibility. Featuring a 3CCT selectable switch, it allows you to choose from 3000K (warm white), 4000K (neutral white), or 5000K (cool white) to match various outdoor lighting needs. Additionally, its adjustable wattage—60W, 80W, or 120W—provides customizable brightness levels for enhanced energy efficiency. Built for durability, this wall pack is ideal for commercial and industrial applications, including security lighting, building perimeters, and parking areas. With high-lumen output, rugged construction, and an easy installation process, this fixture ensures reliable illumination while meeting Title 24 and DLC requirements for efficiency and safety
