

DESCRIPTION

The ORB Garage Canopy by Rayco Lighting is a versatile and high-performance lighting solution, designed for safety, efficiency, and durability. Featuring 3CCT selectable technology (3000K, 4000K, and 5000K), it allows for customizable color temperature to suit various applications. With three wattage select options and a powerful 12,000-lumen output, this fixture ensures bright and uniform illumination for garages, parking structures, and outdoor canopies. Additionally, it includes an indirect uplight feature that enhances visibility and safety, reducing glare and creating a well-balanced lighting environment. UL listed and motion sensor base ready, the ORB Garage Canopy offers enhanced energy savings and security, making it an ideal choice for commercial and residential applications.
