EX-WET

DESCRIPTION

This LED outdoor exit sign is designed for durability and reliability in wet and harsh environments, making it ideal for exterior emergency egress applications. Equipped with a 90-minute battery backup, it ensures continued visibility during power outages. The fixture comes with interchangeable red and green lettering, allowing for easy on-site customization, and supports both single and double face configurations to suit various mounting needs. Built for performance and safety, this exit sign is UL listed and compliant with emergency lighting standards, providing peace of mind in any commercial or industrial setting.

SWITCH TEST

- In AC operation, press the test button to test in emergency mode.
- In an emergency operation, press the test button but it does not work.

TECHNICAL SPECIFICATION

INPUT WATTAGE	120/277 VAC 60Hz
BATTERY	Maintenance free 1.2V 1000mAh
BATTERY TYPE	NiCad
CHARGING TIME	>24 HOURS
ILLUMINATION	Long-life, high-intensity LEDs
DISCHARGE TIME	90 Min
LEGEND	Fully illuminated 6" Characters
HOUSING	Molded thermoplastic ABS HOUSING
OPERATING TEMP	32°F to 104°F
SAFETY	Meets NFPA 101 Safty
FINISH	White
BATTERY CAPACITY	2200mAh
NOTE	NEC, OSHA
VERSETILITY	Selectable single-/double-face
DIMENSIONS	12.60"x2.50"x8.00"
LED INDICATOR	Red or Green indicator
OPERATING TEMP	(32°F~ 104°F) 0~40°C
RATING	UL 924 and CEC Title 20
WARRANTY	5 year limited

INSTALLATION

Wall & Ceiling. Sides, back and top mounting option

KEY FEATURES

- Selectable Single and Doubleface
- 90 min Battery
- Selectable Green or Red Color

ELECTRICAL

This fixture is built with the highest quality 120V drivers, ensuring energy efficiency.

ENERGY SAVINGS

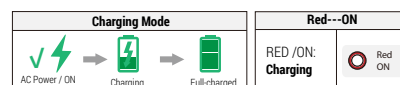

80% more energy savings than halogen lamps.
